

# OCCUPATIONAL THERAPY REGIONAL VISIT AND ASSESSMENT PROGRAM 2012

Do you, your patients or clients require:

- **OT Specialist Driver Assessment** and **Driver Rehabilitation** due to a medical or health condition that may impact on fitness to drive
- **Fitness to Drive Assessments** and advice on accurate completion of Queensland Transport Medical Certificate for Motor Vehicle Driver
- Consultation on **Vehicle Modifications** for drivers or passengers, ages 2 and up
- Assistance and Assessment for the **Vehicle Options Subsidy Scheme**, a Queensland Department of Communities funding scheme allowing up to \$10,000 of assistance for disability vehicle modifications or to put towards purchase of a suitably modified vehicle.

As part of its commitment to providing quality and accessible health services, Evolution Occupational Therapy completes a regular, regional consulting program, multiple times per year. Evolution is a private rehabilitation company delivering services to individual community members, employers, non-government organisations and private companies.

Evolution is also able to assist with a range of other Occupational Therapy or allied health services including Medicare EPC referrals, DVA patients, Workcover Injury Management Services and employer directed Injury Prevention Services.
